Career Objective

Motivated Computer Science student with a solid foundation in programming and problem solving — not just in terms of software & computation, but also for real-world applications and AI development. Eager to contribute to impactful projects and continuously learn new skills (even beyond my domain).

Education

B.Tech CSE | RIT Roorkee | 2023–2027 | CGPA: 6.2 (Approx.)

12th (Intermediate) | GGPS - Chas, Bokaro | 2022 | 71%

10th (High School) | LJPS - Petarwar, Bokaro | 2020 | 81%

Technical Skills

Languages: C, C++, Java, Python

ML: TensorFlow Lite, Firebase (learning new frameworks)

Web: HTML, CSS, JavaScript (Advanced), React, NextJS, MongoDB

Tools: VS Code, Jupyter Notebook, Windows

Other: Basic Cyber Security

Soft Skills

Problem Solving, Core Work, Teamwork, Management Skills, Negotiation, Presentation, English Communication

Projects

- Library Management System - C++ & Java
- Portfolio Website - Responsive personal site for showcasing work
- AI-Powered Plant Disease Identifier
- Other small-scale projects

Certifications

Python - IIT Bombay (90%)

C Language - IIT Bombay (72%)

Cyber Security - CISCO

Internship on Emerging Technologies (AI & Cloud) - Edunet & AICTE

Achievements & Activities

- Member, Coding Club
- Volunteer, TechFest 2023
- Participant, Inter-College Coding Competition
- Real-World Project Building

Hobbies & Interests

Science & Technological Infotainment, Sci-Fi Movies, Health & Diet, Learning New Skills, Dancing, etc.

Languages

English, Hindi, German (Learning)
